8 Days - 30+ Interviews - 1000s of Breakthroughs

Created by **Dr. Keesha Ewers**, The **Autoimmune Brain Summit** is expected to attract over

23,000+ registrants

whose lives have been directly impacted by autoimmune disease and are looking for solutions. It was created as a vehicle to shine a light on the epidemic of autoimmune disease that has gone largely ignored by the traditional medical community and empower both health providers and the public to educate themselves and explore new solutions.
